

Using the tumble dryer

	Full adult support needed	Some adult support needed	Step completed independently
Collect equipment needed			
1. Take wet clothes out of the washing machine			
2. Put the wet clothes into the tumble dryer			
3. Close the tumble dryer door			
4. Select the correct program			
5. Start the program			
6. When the tumble dryer has finished and the clothes are dry turn off the tumble dryer			
7. Take out the dry clothes			
8. Clear fluff from the filter and put the fluff in the bin			
9. If needed replace the filter ready for the next time you use the tumble dryer			

What went well?

Next time, it would be even better if:
