

Hanging washing on the line

	Full adult support needed	Some adult support needed	Step completed independently
Collect equipment needed			
1. Take out wet clothes from the washing machine			
2. Put the wet clothes into the washing basket			
3. Take washing basket out to the garden			
4. Put the washing basket onto the ground next to the washing-line			
5. One by one take an item of clothing out of the basket			
6. Give item a good shake			
7. Using the pegs hang the item up, with t-shirts hang from the bottom up			
8. Continue with each item of clothing until you have hung all the washing on the line			

What went well?

Next time, it would be even better if:
