

Cleaning windows

	Full adult support needed	Some adult support needed	Step completed independently
Collect equipment needed			
1. Take items off the windowsill			
2. Wipe the window with a piece of kitchen roll			
3. Spray the window with the window cleaner			
4. Wipe the window from the top to the bottom using the cloth			
5. Once all the window cleaner has been rubbed onto the window leave the windows to dry			
6. Put the items back on the windowsill			

What went well?

Next time, it would be even better if:
