

Washing up

Equipment

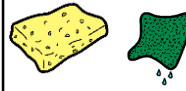

Sink

Washing up bowl
(optional)

Washing up
liquid

Sponge or
cloth

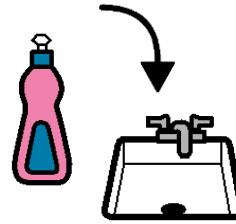

Tea towel

1

Put plug in the sink and fill with warm water

2

Add a drop of washing up liquid

3

Swish water around to make the bubbles

4

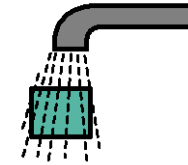

Put your first dirty item into the water

5

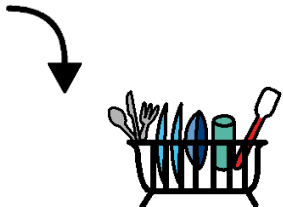

Start cleaning it using your sponge or cloth

6

Once that item is clean, rinse off the bubbles

7

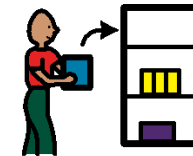

Place the item on the draining board

8

Once you have cleaned all the items, then dry
them off with a tea towel

9

Put all clean, dry items away
