Maze 100

In this maze there are numbers in each of the cells. You go through adding all the numbers that you pass. You may not go through any cell more than once.

1. What is the lowest number you can make going through the maze? **Everyone to complete**
2. What is the highest number you can make going through the maze? (Remember you may not go through any cell more than once.) **Optional challenge 1**
3. Can you find a way through in which the numbers add to exactly 100?

Optional challenge 1
