

L/O: to be able to decide who won the Space Race.

	Which country?	When?	Did the other country do the same?
First satellite	USSR USA		
First animal in orbit	USSR USA		
First man in space	USSR USA		
First woman in space	USSR USA		
First man on the moon	USSR USA		

Using my evidence, I think the winner of the Space Race was

I have chosen this country because

Help Box:

- Give and explain a reason for your choice of winner.
- Clearly use at least 2 quotes or pieces of information from sources.
- Suggest **why** this country was the winner.
