

EASTER NEWSLETTER

Headteacher's Letter

Welcome to the spring edition of our newsletter. It is fantastic to share some of our wonderful learning and educational experiences with you.

Since my last newsletter, we have welcomed the two new KCC Assistant Directors of SEN; Steve Tanner and Kerry Greene to our school. They spent a morning with us in February visiting lessons, meeting pupils and discussing their roles. I am actively engaging with the Local Authority to offer our support to ASC pupils in Kent. This term we have reintroduced our face to face training and a number of parents have attended Cygnet and other outreach sessions.

I am delighted to welcome Mrs Chivers, our new Head of Science, as Mrs Taylor will retire later this year and Mrs Evans as a consultant Speech and Language Therapist who is covering Mrs Mellor's maternity leave. Mrs Mellor and Mrs Rose are both expecting their babies over the Easter break and we look forward to sharing the news of their new arrivals.

I sometimes forget how fortunate I am to have a job that I love and how blessed I am to interact with the young people at Grange Park. Nevertheless, in the last few weeks, I have been reminded why I am so driven to contribute to the changing SEN landscape in Kent and nationally. Visiting the Year 8 and 9 pupils at Carroty Wood whilst they were on residential was amazing. I took the opportunity to take my son and it was lovely to see the pupils' interactions with him. They were confident, supportive and empathetic. They were so relaxed and happy. Their enthusiasm was infectious, telling me all about the activities and challenges they had faced. With incredible pride, I watched our pupils' performance of Romeo and Juliet at the Woodville Hall Theatre. Such courage to stand on a stage and perform Shakespeare's Romeo and Juliet to a full theatre. We are driven to show our young people what they can achieve with the support of the school and you, our families.

I am committed to drive pupil achievement, demanding the highest standards of education and personal development opportunities. Some of you will today be receiving mock results as preparations for GCSEs continue. It is just as important that the pupils have the opportunities to have new experiences with the support they need to reduce their anxiety, and to grow and develop. Once again, Grange Park work has been selected for the Take One Picture exhibition at the National Gallery and I know the pupils whose work will be displayed will enjoy visiting the Gallery, seeing their work alongside mainstream and independent schools. The newsletter is full of experiences our pupils have benefitted from over the last two terms and we look forward to many more wonderful opportunities for our pupils.

As Executive Headteacher, I am also fortunate to welcome many visitors to the school and celebrate all the work we do. Now that we are moving forward after Covid restrictions, I am looking to welcome parents into school to share some of your children's experiences. Today it has been lovely to have many of you in school supporting our fundraising for the Ukraine. Thinking of others is a theme we encourage with our pupils and we appreciate your support.

There are some wonderful opportunities and activities scheduled for Terms 5 & 6 and I am mindful that we all face increasing financial pressure. We are subsidising all trips and activities to make them accessible, but please do contact me if you require assistance or support. As well as fantastic pupils and the amazing families that support them, I am also incredibly grateful to my staff who make all these amazing experiences happen and wish them along with you, a restful Easter holiday.

Best wishes

Miss Renukah Atwell

Executive Headteacher

Upcoming Events:

Message from the Chairman of Governors

It's that wonderful time of the year when Nature wears her new Spring dress with, hopefully, better times ahead for all.

Whilst Covid-19 and its variants continue to disrupt our lives both in school and outside, when outbreaks occur in school, like a well-oiled machine, staff and pupils know what to do and get on with it - not necessarily with a smile on their faces but with as cheerful a will as possible. Governors are concerned about the unceasing pressures on our staff over the past two years and are well aware that the wellbeing of our staff is of prime importance, and do what we can to ease the load. Our pupils show remarkable resilience despite the disruptions caused to their normal routines and I am very proud of their achievements during this time.

The governing body continues to meet virtually but I am hopeful that during Term 5 we might be able to meet with a mix of face-to-face and virtual presence. Governors are now able to take a more active part in monitoring subjects being taught and meeting with "new" staff who have joined the school over the last couple of years.

I wish everyone a very Happy Easter.

A handwritten signature in black ink, which appears to read 'Sue Murray', written over a thin horizontal line.

Sue Murray
Chairman of Governors

Stansted

Year 5/6 Spanish Day

As part our curriculum we are really enjoying learning Spanish!

Recently, our focus has been on food and shopping and as part of our end of term reward we choose to do some cooking.

We made delicious Spanish omelettes and showed great team work skills when cracking the eggs, chopping the ingredients and even helped with the washing up!

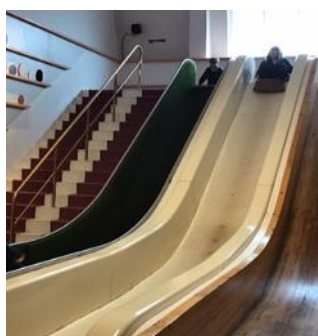

Canterbury Cathedral Trip

During Term 3, Year 5/6 visited Canterbury Cathedral as part our World Citizens learning.

We explored the history of the building and why it is such an important place of worship. We enjoyed looking at the beautiful stained glass windows and loved making our own as part of the workshop. We also got to write using a quill and ink which was tricky at first!

The Science Museum

This term we visited the Science Museum as part of our learning about Electricity. We had lots of fun exploring the 'Wonderlab' and enjoyed a fun workshop with a Science expert from the museum.

We also got to explore the Space exhibition in the museum. It was great to see some of the sites in London on our journey.

Spring Clean

Some of the Year 7s had a spring clean of the mini buses down at our Stansted site!

They did a great job and worked together as an amazing team.

Year 7 Gurdwara Visit

As we had been studying Sikhism in our World Citizens lessons, we arranged a visit to Guru Nanak Darbar Gurdwara, in Gravesend.

It was a beautiful experience!

The students arrived to greet their guide, who instructed them on the respectful ways for us to walk around the Gurdwara.

We were given head scarves to wear as we walked around and the students asked lots of interesting questions, about the building and the religion.

We were also offered Parshad, this is a sweet treat given to visitors of the Gurdwara. Then guided through the Gurdwara to the langar, a community kitchen where everyone is welcome to eat and many of the students tried the roti and curry.

We had a wonderful time and many of the students were amazed by the grandeur of the Gurdwara, and left having learnt lots of about Sikhism.

Mothers Day Shop at Stansted

To give the students the opportunity and freedom to buy that special family member a lovely treat, we set up a Mother's Day shop at school.

The past few years have seen us use more and more digital resources, and the same can be said with money! We got the children to bring in some change, so they could browse our little shop and make a purchase themselves.

We hope the Mums, or other special family members, enjoyed their treats!

Photography Enrichment

For enrichment, some of the students had the opportunity to have a go on the other side of the camera.

They helped to lead the sessions by using what they were interested in to bring inspiration to the work they were creating.

STEM

During our STEM Enrichment (Science, Technology, Engineering & Maths) we explored how to make different types of circuit.

We also used Lego to create different structures and developed our coding skills by creating our own game worlds.

Anti Bullying Week

During our PSHE Choices and Consequences day, pupils marked Anti Bullying week by wearing their odd socks. During the day pupils had the opportunity to consider how 'One kind word' could make a big difference to others.

From this pupils created a form group collage to show that unity and kind words can combat bullying.

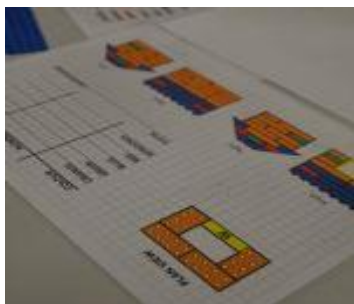

Number Day

To celebrate Number Day, Wrotham pupils entered a competition to build a Lego House without going over budget.

The pupils had a great time designing and building their houses, and there were some fantastic entries. Huge congratulations to one of our year 8 groups for claiming the title!

At Stansted, we had a STEM specialist come along to visit us. He bought lots of KNEX and set us a challenge to design a vehicle that can carry a shoe down a slope and travel the furthest in a straight line.

We had to show excellent team work and resilience to keep improving our engineering designs. At the end, we had a competition to see which team's vehicle travelled the furthest.

Year 10 and 11 Take Part in the 360 Reverse Interviews

As part of the schools work with the Careers & Enterprise company, a cohort of Year 10 & 11 took part in the inaugural Skills 360 Reverse Interviews.

15 local businesses were interviewed by the pupils to give the employers an opportunity to learn how Grange Park pupils can add value to their business.

The pupils represented the school impeccably and developed interpersonal skills that they will carry into adulthood.

World Book Day 2022

Everyone at Grange Park had a novel experience at this years World Book Day.

The March celebration was a great opportunity for students and staff at both the Wrotham and Stansted sites to dress to impress in a fantastic array of fiction-themed outfits. From fairy tale heroes to Roald Dahl's Oompa Loompas and a trio of Doctor Whos, the schools were filled to the brim with colourful characters.

Everyone had the chance to vote for the best dressed student and staff member. Competition was very tight, but the overall winners were Ben from Year 9 for his spooktacular Ghostbuster costume and Miss McCurdy for her sinister, very pink Dolores Umbridge outfit from Harry Potter.

Throughout the day, students took part in a broad range of bookish activities. They made delicious Butter Beer, listened to a traditional Brother's Grimm fairy tale while eating popcorn in the library, and went on frantic, fiction-themed treasure hunt around the site.

The day was rounded off with every form group competing in an epic Zoom quiz, which Key Stage 5 won with a narrow, two point victory.

Thanks to everyone who helped make World Book Day 2022 such a big success.

Year 8 & 9 Carroty Wood Residential

To say that the much anticipated Year 8 & 9 Carroty Wood residential trip was a success is an understatement. The amount of courage, determination and support for each other that the children displayed was overwhelming.

The 3 days started with team building activities in school to encourage new friendships between the two year groups and a map reading session to familiarise them with the large wooded area in which they would have the opportunity to spend the next 2 days exploring.

On arrival, pupils and staff explored the area and our lodgings.

The remainder of our time there was taken up with our organised activities (High Ropes, Abseiling, Low Ropes, Swimming & Pedal Karting), exploring the woods, playing and socialising with friends (both new and old) and developing real life skills including making beds, washing and drying up and helping to prepare meals.

Whilst in the forest environment, pupils had the opportunity to practise some of their 'Forest School' skills. Pupils enjoyed tying up and lying in hammocks in the nearby woods and carving and decorating sticks. Pupils also assisted in building a bonfire for the evening where we all later enjoyed marshmallows and roasted apples.

There were many that overcame fears of heights, mud and even new foods...

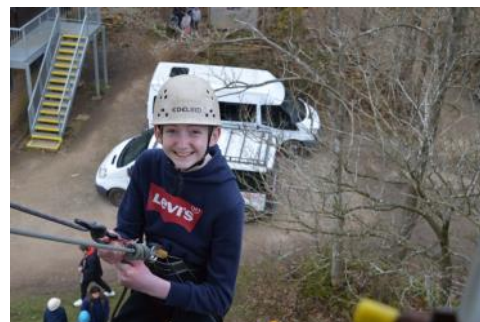

The pupils had an incredible few days, and here are some of their thoughts on the trip:

'At Carroty Wood it was nice to just chill and have fun with your friends and the activities like High Ropes and racing in the Pedal Karts. Just having fun swimming, splashing Miss McHardy and helping people get over their fears.'

'I enjoyed playing Basket Ball in the evening. I liked the High Ropes and abseiling activities. I liked to hide in the forest. It was fun sharing a bedroom with my friends. I raced people in the Pedal Karts. I had fun on the low ropes and in the swimming pool. It was really cool to have a bonfire before bed time.'

'I was very scared of the High Ropes but I had a go at it.'

'I enjoyed free time because I could catch up with my friends and I enjoyed mostly everything.'

'I enjoyed the Go-Karting and playing board games.'

'I liked it when me and Robert were having fun abseiling and Pedal Karting.'

'Adam was snoring in our room. I shared a room with Hugo, Harrison, Adam, Mark, William and Sonny. The best time was in the night when we had fun. I enjoyed High Ropes and Pedal Karting. Everyone was scared of the Abseiling.'

Mental Health & Wellbeing

Grange Park Vision Statement

'To ensure that all Grange Park Community have the skills and belief that they can overcome any barriers. They learn how to use tools to independently self-regulate and so maintain good Mental Health and Wellbeing.'

We have been busy gathering evidence and working towards our Wellbeing Award.

Thank you all for taking time to complete the online survey last term. The survey highlighted some areas for development, as well as those areas in which we already excel.

It was humbling to read the positive scores and comments from parents. Parents recognised that the school cares about the emotional wellbeing and mental health of everyone involved in the school. One parent commented, *'Many of the children have similar backgrounds and the school show incredible caring and understanding with huge success. The care extends to families and staff, and the Head especially is always approachable.'*

We were also pleased with the high number of parents who felt comfortable talking about their child's emotional wellbeing and Mental Health with school. One parent simply said *'Yes I would and I do as I know that they will support me brilliantly.'*

Whilst parents were pleased with what we do to support their children's Mental Health and Wellbeing, the pupils gave us some areas for improvement.

Pupils acknowledged the we care and they felt confident in knowing how they could get help. However, many did not feel that they could make a difference if someone else is feeling worried or unhappy. They also said that they feel uncomfortable talking about how they are feeling at school.

Not only will these issues be added to the School Council agenda, we have also started a Peer Mentoring system which enables some of the older pupils to help their younger peers. This takes the form of an informal lunchtime session, where the pupils meet and have the chance to chat about any concerns they may have.

Another stipulation of our Wellbeing award is to form a group of Wellbeing Champions. We have had a number of volunteers and watch this space for details of how they plan to promote and maintain positive Wellbeing throughout the school.

We are currently looking at developing our Mental Health and Wellbeing section of the website. We will be adding a Signposting Document soon to give you places to find support for different areas of Mental Health issues and struggles. If there is anything specific you think would be helpful for us to put on the website, we would be happy to hear your suggestions.

Forest School

We have been extremely busy in Forest School with a focus being placed on trees, mud and sticks. Year 5 and 6 have enjoyed experimenting with mud and using sticks as paintbrushes along with using charcoal to create bark rubbings that made wonderful works of art.

Year 7 and 8 enjoyed being creative with the mud and producing hand prints and 3D art work. They have also made stick gnomes and learnt knots to enable them to make photo frames and bows.

Year 9 enjoyed taking part in the RSPB big garden bird watch. The results from which have encouraged us to buy more bird and bat houses to establish a more diverse woodland environment. All classes celebrated pancake day and ate pancakes cooked over the fire pit.

Parker the Guinea Pig

Meet the newest member of Grange Park!

Year 11 went on a trip to Swallow Aquatics pet shop as part of their Animal Care course this term. While there, they picked a new guinea pig which they have called Parker (as in Grange Parker!)

The manager of the shop was impressed with our students and the way they held all of the animals with such care and he kindly donated Parker to our school. He will be living in KS5 while he gets used to the school and the students.

So welcome to Parker!

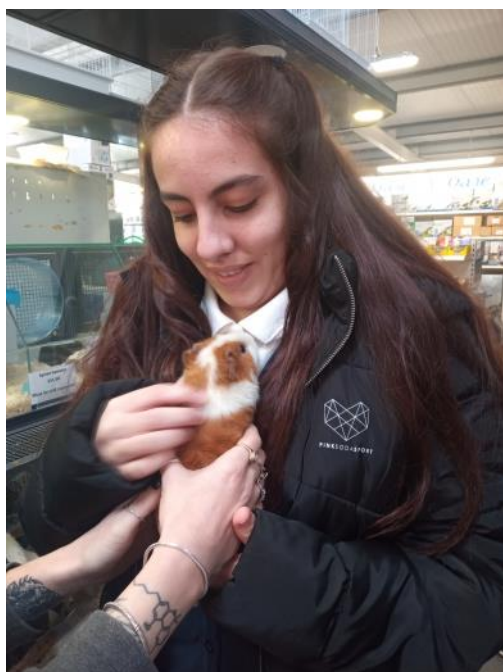

Table Cricket Tournament

On 10th February our table cricket team from 8a enjoyed playing in the Lord Taverners Table Cricket Tournament at Beckenham Cricket Ground. Their enjoyment was clear to see and provided invaluable experience and development within our SCERTS framework.

After a long day and many matches, 8a came back to Grange Park triumphant, securing a place in the semi-finals to be played at Valence School at the end of March. Miss Atwell had great pleasure in presenting them with a certificate and medal in a full school assembly.

Shakespeare for Schools

Since January, eager pupils from Year 8, Year 9 and KS5 chose to be involved with the Shakespeare for Schools Festival. They have been attending weekly rehearsal sessions for Romeo and Juliet in preparation for a performance at the Woodville Halls theatre in Gravesend.

An actor from the Shakespeare for Schools Festival came to Grange Park to deliver a workshop at the end of January. The pupils had fun playing drama games in preparation for acting. They enjoyed learning how to perform on a stage and how to develop their own acting skills.

On Tuesday 22nd March was performance night. Before the evening performance, the pupils were involved with running through all of the lights and sound cues; during which they all showed a great resilience and patience. Then, they had a dress rehearsal in front of another school.

This preparation resulted in excitement, anxiety and some tears before they went on, but every single one of them went on the stage and gave a brilliant performance. We are very proud of what they had all achieved after all of their hard work and the challenges they have faced since January.

English Trips

Year 9 and Year 10 enjoyed going to The Old Vic Theatre to see A Christmas Carol just before Christmas. The show was full of surprises, including snowfall!

In February, the Year 9 and Year 10 GCSE Literature group travelled to Wimbledon to see a stage production of Blood Brothers. The pupils really enjoyed the show and once again, they were a credit to the school.

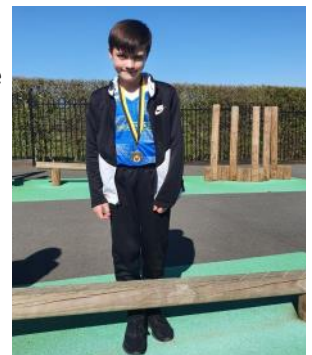

Celebrating Success!

We love to hear about all of the amazing things that our pupils get up to out of school, and this term has seen some amazing achievements.

Ellissia has joined us this term in Year 8 and has a passion for dogs. At the beginning of March, Ellissia showed her German Shepherds, Shih-Tzu and French Bulldogs at Crufts, winning some of the categories that she entered. This is a phenomenal achievement and we are incredibly proud of her. Well done Ellissia!

At our Stansted site, Luccas from Year 7 plays for the youth team at Maidstone United and was awarded the Man of the Match for his performance on the pitch. Luccas brought in the medal he was presented with and we are really proud of his achievement. Well done Luccas!

Science

This term has been very busy in the Science department.

Our Year 10 and 11 pupils took a field trip to Wildwood to do some soil sampling and used a range of soil sampling techniques. This type of practical research is really beneficial and all the pupils enjoyed their day. The sun even made an appearance.

This term, our pupils will be growing bedding plants that we will be selling. We will have a wide variety of plants that will be ready next term, including marigolds, petunias, tomatoes, herbs and delphiniums. So keep a space free in your garden and once they are ready to be planted out, they will go on sale.

Art

Orazio Gentileschi—The Finding of Moses

Year 7 & 8 will have a selection of their work on display at the National Gallery in the summer. Their pastel drawings of dancing ballerinas have been chosen to be part of the Take One Picture Exhibition 2022.

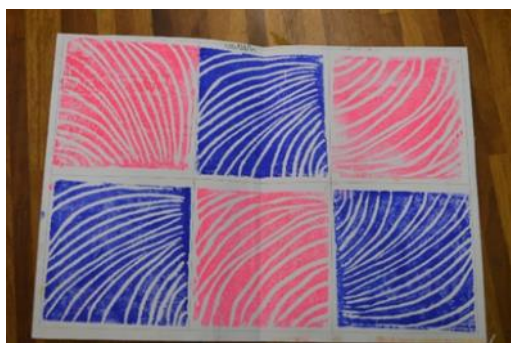

A huge congratulations and well done to all the pupils who took part in the project – this is a fantastic achievement. We look forward to visiting the gallery in the summer terms.

Investigating Patterns

Year 7 & 8 have started a new project where they are investigating patterns and looking at art from a global point of view.

They are focusing on the designer William Morris from the Arts and Crafts Movement. They have designed their own patterns and are experimenting with block printing. They will be designing patterns for skateboards next term.

Benin

Year 9 are working on a project inspired by the Benin Bronzes. They have considered the impact of imperialism on different cultures and how it has affected the way we view artwork from other countries.

They have also looked at artwork by Picasso and seen how Europe was influenced by African art in the past.

They are currently creating masks in the style of the Benin Bronzes.

Cookery

Year 10 and 11 have been working hard to prepare and cook a two course meal for their Home Cooking Skills assignment. The quality of their work has been outstanding.

Down on the Farm

Our Year 10 and 11 pupils who are taking Animal Care as one of their options, visit Trottiscliffe Community Farm weekly. Whilst at the farm, pupils help to maintain and clear the site, along with helping to care for, feed and groom the animals.

This week, our Year 11 group were greeted by baby lambs! Lambing season had well and truly started and lambs were being born whilst our pupils were there on their lessons. This is a really special opportunity for all of the children—definitely not something you get to see every day!

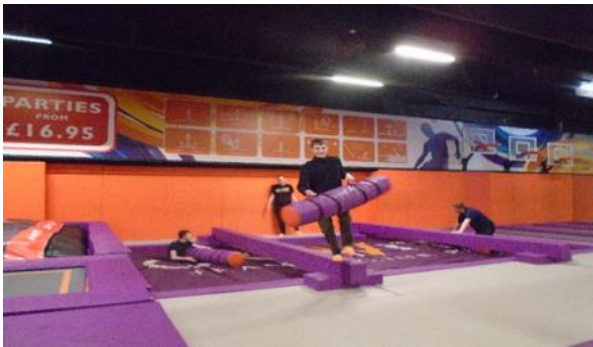

Key Stage 5 Travel Training

Key stage 5 improved their travel training this term on their reward trip, when they went to Maidstone by train to Gravity Trampolining.

We walked to the station and they all had their own tickets to be responsible for. We then hopped on a train for a few stops before we all headed to Maidstone town centre and a fun afternoon at Gravity.

We ate outside by the river and had a lovely walk back to the train station along the river front. A great day had by all!

Partnership Sites

Sam from Hadlow College has written about his Land Based Studies course:

I am now in my 4th term at Hadlow and I am still enjoying it.

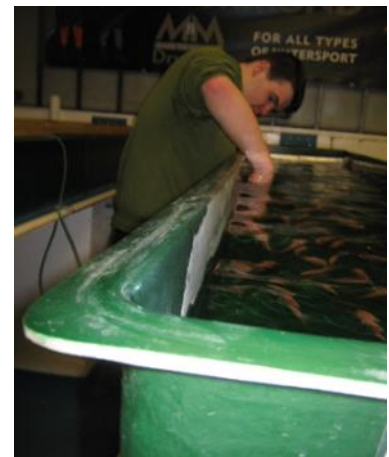

For the first 3 terms in practical lessons, we have tried different sectors of the land-based industries: Animal Care, Agriculture and Fisheries. I always knew I wanted to do fisheries but it was good to try other areas.

Now in term 4, we are allowed to choose which sector we would like to continue in for the rest of this year.

Of course, I chose fisheries. So far, we have learnt how to clean out filters in the different fish systems and how to clean the tanks. I have worked with Carp, Tilapia, African Walking Catfish, Cray Fish, and Shrimp.

I am really enjoying these lessons as I am in a small group and I am becoming more confident doing the tasks.

I am looking forwards to doing Level 2 Fisheries next year.

The Public Realm Challenge

The Post16@Wrotham students took part in a challenge set by Sevenoaks councillor, CLR Howgarth and Usha Kong from the Careers Enterprise Company. The challenge was to create a video that shows the Public Realm.

What is the Public Realm?

The simplest definition of the Public Realm is that it is what is beyond your front door, literally outdoors. (Parks, playgrounds, roads, green spaces, gardens etc).

The students all did an amazing job and produced videos that the panel were very complimentary about and the feedback was exemplary – Well done to all of the students who took part.

Book a Table at the Grange Park Quiz Night!

We are please to see the return of the Grange Park Quiz Night!

Everyone is welcome to attend, so get a table of family and friends, bring some drinks and nibbles and enjoy an evening of quizzing!

We have had some brilliant raffle prizes donated including a meal out, escape rooms, games at Battle Sector X, Odeon cinema tickets and Ninja Warrior UK to name a few, so there are lots of great things up for grabs.

If you would like to book a table, please contact the school.

School Gateway & school dinner bookings

Since September, we have moved to using the School Gateway app to book school dinners. This is a quick and easy way for us to provide numbers to the kitchen so that they can prepare the correct amount of dinners for the pupils.

Thank you to all those who are booking school meals daily. The menus for the new term are uploaded before the end of term, and you can book dinners for a single day, a week, or the term if you prefer. If your child will be having a school dinner, please can you ensure that you are making their booking by 9.00am on the day, so that the kitchen can be fully prepared. If your child is in receipt of free school meals, please ensure that you book in the same way, and the app will not charge you for the meal.

Please download the School Gateway app, and make your bookings via the 'Dinner' section. All payments can be made through the payment option.

We politely request that meal balances are paid weekly to avoid building up any large debts. If you need any help with the app or making payment, then please do not hesitate to contact the school office who will be happy to help.

A smartphone displaying the Schoolgateway app's sign-up screen. The screen shows the "Schoolgateway" logo at the top, followed by "WELCOME TO SCHOOL GATEWAY". Below this is a "Check address" section with a placeholder email "schoolgateway@example.com". There is a "PIN" field with a "21" and a "Send" button. A "Forgot PIN?" link is below the button. At the bottom, there is a "Don't have an account? Sign up" link and a numeric keypad with a checkmark button.

- 1) Open the School Gateway App
- 2) Click **Sign Up**
- 3) Enter the email address your school has on record
- 4) Enter your mobile number
- 5) Click **Send PIN**
- 6) Wait for the text message with your new PIN to arrive
- 7) You may now enter your PIN and log in
